

Why Plagiarize?

Why steal another man's song?
Have you ever wondered if this is wrong?
Don't you know he has been working all night long?
You breaking the law don't you recognize
You are committing a crime
You are going to face the time
Don't you mind?
Why plagiarize?

Stealing another man's intellectual property
You may have taught you have won the lottery
But this is putting the writer in poverty
Just you want fast money
Do you think this is funny?
No its not honey
They have rights, but you do this in spite
Why plagiarize

Artist, designers, musicians
Please make it your mission
Do not let them steal your creation
Let copyrights and patent be intact
This will put these plagiarizers on the right tract
And make them stop
Plagiarizing is a big atrocity
Please respect one's intellectual property
